

Michigan Discounted Natural Gas Distribution Product

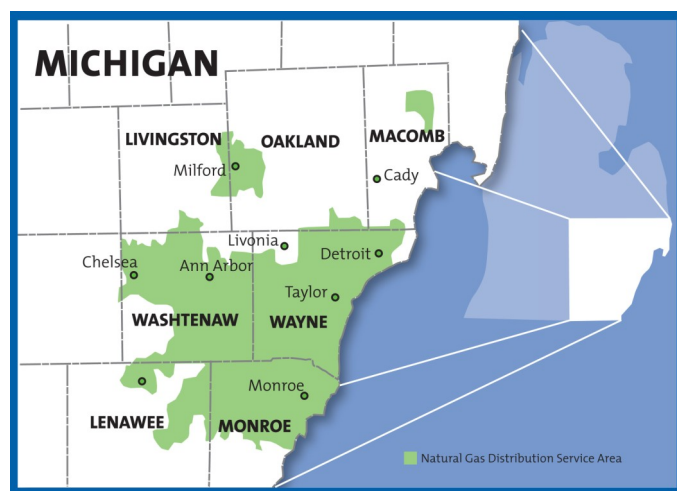

Exelon Energy has an exclusive agreement with DTE MichCon and is offering business customers guaranteed natural gas distribution savings for eligible customers in most of Wayne and Washtenaw Counties and parts of Oakland, Macomb and Monroe Counties.

MichCon Capacity Release Area

Total discounts are available on the following:

- Natural gas distribution pricing
 - Guaranteed discount off DTE distribution charge / Monthly DTE Customer Charge
 - Most DTE surcharges, including the Energy Optimization and Uncollectible Expense True-up Mechanism (UETM) surcharge, may be eliminated
- New service installations
- Expansions for qualifying customers

Exelon Energy offers Natural Gas Commodity Products as well, including:

- Index market-based pricing: Monthly market rate based on the Gas Daily Monthly MichCon Index
- Fixed rate: Fixed price for desired term. Price based on customer-specific load profile

In 2001, MichCon and Detroit Edison merged, creating overlapping service territories in and around Detroit. As a result, the Federal Trade Commission mandated that a third-party supplier have access to distribution capacity in order to ensure competition. Exelon Energy was the successful bidder for this distribution capacity.

To find out if you qualify for this unique savings opportunity on your natural gas distribution pricing, please visit : www.exelonenergy.com or call 248-865-7384.
